**RESPONSE TO RESTRICTION REQUIREMENT AND  
PRELIMINARY AMENDMENT**

Sir:

In response to the September 13, 2005 Restriction Requirement, Applicants provisionally elect to proceed with the invention as claimed in claims 5-12, 14 and 15, with traverse. Traversal is on the ground that a search of the art for one group of claims must necessarily include a search of the art for the other groups of claims. Therefore, the burden on the

Examiner to examine all claims in one application is less than the burden of Applicants/Public to prosecute/search more than one application/patent.

Kindly amend the above-identified application as follows:

**I. Amendments to the Specification** begin on page 3.

**II. Amendments to the Claims** begin on page 5.

**III. Remarks** begins on page 12.
